sites There in Demand for Hotels Owing to the Uptown Movement of Steamship Lines-Lot Also Bought in Fifteenth street for a New Business Building.

A fair amount of business of the sort looked for during the midsummer period was reported from brokers' offices yester-The bulk of it consisted of transacin flats, two family dwellings and vacant lots. The trading was widely distributed. It included the purchase of a site in West Fifteenth street for improvement with a mercantile building and a deal in West 114th street foreshadowing the erection of a couple of fireproof elevator apartment houses.

A transaction of interest was a lease by the Duross Company, which rented for Mrs. Mary E. Gallagher of Chicago the four story dwelling at No. 444 West Fourteenth et for ten years at an aggregate rental street for ten years at an aggregate rental of \$30,000 to a Boston hotel keeper, who will alter the building into a hotel. This is the second building leased for hotel purposes in this block within a month by the Duross Company. Hotel keepers are seeking locations in the block on account of its nearness to the big steamship lines brought uptown by the Chelsea improvement.

In the auction room some tenements and dwellings, put up by order of court, were struck down to the parties in interest at figures reflecting the absence of competition.

Plans were filed for a \$100,000 commercial building at the northwest corner of Fifth avenue and Forty-seventh street, where the old Perry Belmont residence, bought recently by Arthur Tooth, now stands. Other new constructions for which plans were filed were an elevator apartment house in Harlem and a number of flats and two family dwellings in The Bronx.

CHECK FOR MORTGAGE TAXES This City Sends \$336,300 to State Treasurer

for Quarter Ended June 80. ALBANY, July 16.-State Treasurer Hauser received a check from City Chamberlain James J. Martin of New York to-day for \$336,300, from which he infers that the real estate market about New York is fast getting out of the period of depression. The check was for mortgage taxes due the State from New York for the quarter ended June 30 last. The amount was greatly in June 30 last. The amount was greatly in excess of the sum the city had returned for the previous quarters of the last year.

Mortgages are taxed in this State when they are recorded, the tax being 50 cents on each \$100 covered by the mortgage, and of this amount the State gets practically half of the taxes and the city retains the other half. Figuring on the amount of the check returned by Chamberlain Martin, it is shown that approximately mortgages for \$135,000,000 were recorded in Greater New York for the three months under consideration.

This tunnel extends from the station under the train shed to York street, having an opening at the rear of the trolley sheds. It is planned to erect a large terminal building with tracks on the lower floor and offices for the company on the upper floors. Plans will also be made to connect this building with the Pennsylvania ferryboats, so that persons preferring to use the ferryboats may have an easy means of reaching the boats.
